Work Experience

Vaco, gTech Youtube Ads – Global Video Quality Assurance Auditor

November 2022 – Present Time

Reviewed video content to identify and flag violations based on established guidelines, ensuring compliance with company policies.

Collaborated with a diverse team of multilingual experts to create a better and more consistent rating system.

Ensuring alignment and consistency in the rating system.

Developed the ability to distill complex ideas into simple, clear language.

Collaborated on creating internal guideline training presentation based on General Guidelines and working materials, utilized to train both internal and external team members, driving consistency and alignment in project delivery.

Volunteered in the creation of the monthly digital issue of the newsletter. I worked on a website design, creating visually appealing pages using Google Sites. Participated in Funbassador creative team activities.

Web Designer freelancer, Part-time

December 2021 – September 2022

Designed low and high-fidelity wireframes utilizing Figma software for boxing company Salita Promotion, Brooklyn, NY

Contributed to building the UI library, and designed the UI elements, and components under the company's brand identity.

Worked on visual identity. Explored, ideated, gathered references, and presented ideas.

Created low and high-fidelity wireframes for numerous landing pages during an intensive web design course

Explored high-quality user experience, and worked with typography, composition, color, and other graphic design
